

Wolf and Wildlife Center

Join us for a trip to the forest just west of Divide. We will be visiting the *Wolf and Wildlife Center* on Thursday, April 14. At the Center **we will experience something truly unique! The Center staff says "We are dedicated to educating the public about wolves, wolf dogs, foxes and coyotes. Although these elusive animals are not often seen in the wild, through the guided tours you will have the opportunity to view them in the most natural setting possible. You will also have the chance to view some of the endangered species that live here."**

After our tour we will stop back by the John Wesley Ranch for a light lunch together. The cost for the trip is \$20 per person. This includes transportation, Center admission and lunch. Your reservation and payment are due to Rev. Jerry Hurst by Wednesday, March 30.
